CLEAN UP ON EVERY AISLE.

Sensor® Bp Vacuum

This battery-powered upright offers cordless freedom. Its lightweight design and quiet operation make it perfect for daytime cleaning in noise-sensitive environments. Experience high productivity and maneuverability without the limitations of a cord.

B 50 W Bp Walk-behind Scrubber

Ideal for efficient floor cleaning in supermarkets and shops. Its compact design and durable cast aluminum brush head ensure thorough cleaning on textured surfaces and in tight corners, leaving floors dry and safe for customers immediately.

KM 75/40 W Bp Walk-behind Sweeper

Your first impression starts in the parking lot. This compact, traction-drive sweeper is ideal for thoroughly cleaning external surfaces from 6,458 sq. ft., ensuring your entryways and outdoor areas remain dust-free and inviting.

We provide retailers with everything essential for a high-functioning, pristine business environment. With Kärcher cleaning solutions, you benefit from a single-source partner providing robust, easy-to-operate machines and innovative technology to ensure slip-free floors. Experience the standard for retail excellence—where hygiene meets safety.

**HD Compact Class
Pressure Washer**

Make a spotless first impression. These mobile and durable pressure washers are ideal for cleaning sidewalks, entryways, and shopping carts. They quickly blast away dirt and grime, ensuring your store's exterior is as welcoming as the interior.

KIRA B 50 Floor Cleaning Robot

Embrace the future of retail cleaning. This intelligent robotic scrubber works autonomously to clean sales floors with reliable sensor technology, freeing up your staff to focus on customer service and higher-value tasks.

Classic Floor Scrubber Series

Simple, rugged, and economical, these battery-powered models range from compact scrubbers to heavy-duty 33" walk-behinds. Designed for ease of use and high reliability, the Classic line provides a cost-effective cleaning solution for every area size.

RELIABLE CLEANING SOLUTIONS FOR EVERY AREA.

Floor cleaning: our machines give you perfect results for deep cleaning, maintenance cleaning or intermediate cleaning.

Washroom cleaning: our powerful steam vacuum cleaners and, where necessary, suitable cleaning agents are the perfect combination for cleaning sanitary facilities.

Textile and carpet cleaning: for maintenance and fibre-deep cleaning, you can depend on our patented cleaning methods.

Surface cleaning: the Kärcher System includes the perfect solution for every surface.

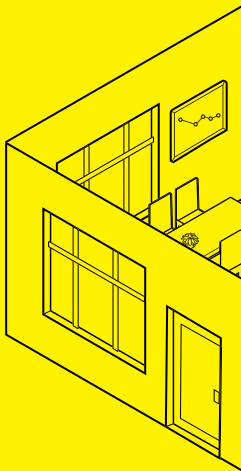

External cleaning and maintenance of green areas: we have the right solutions for every task, from daily sweeping of the entrance area to maintenance of green areas.

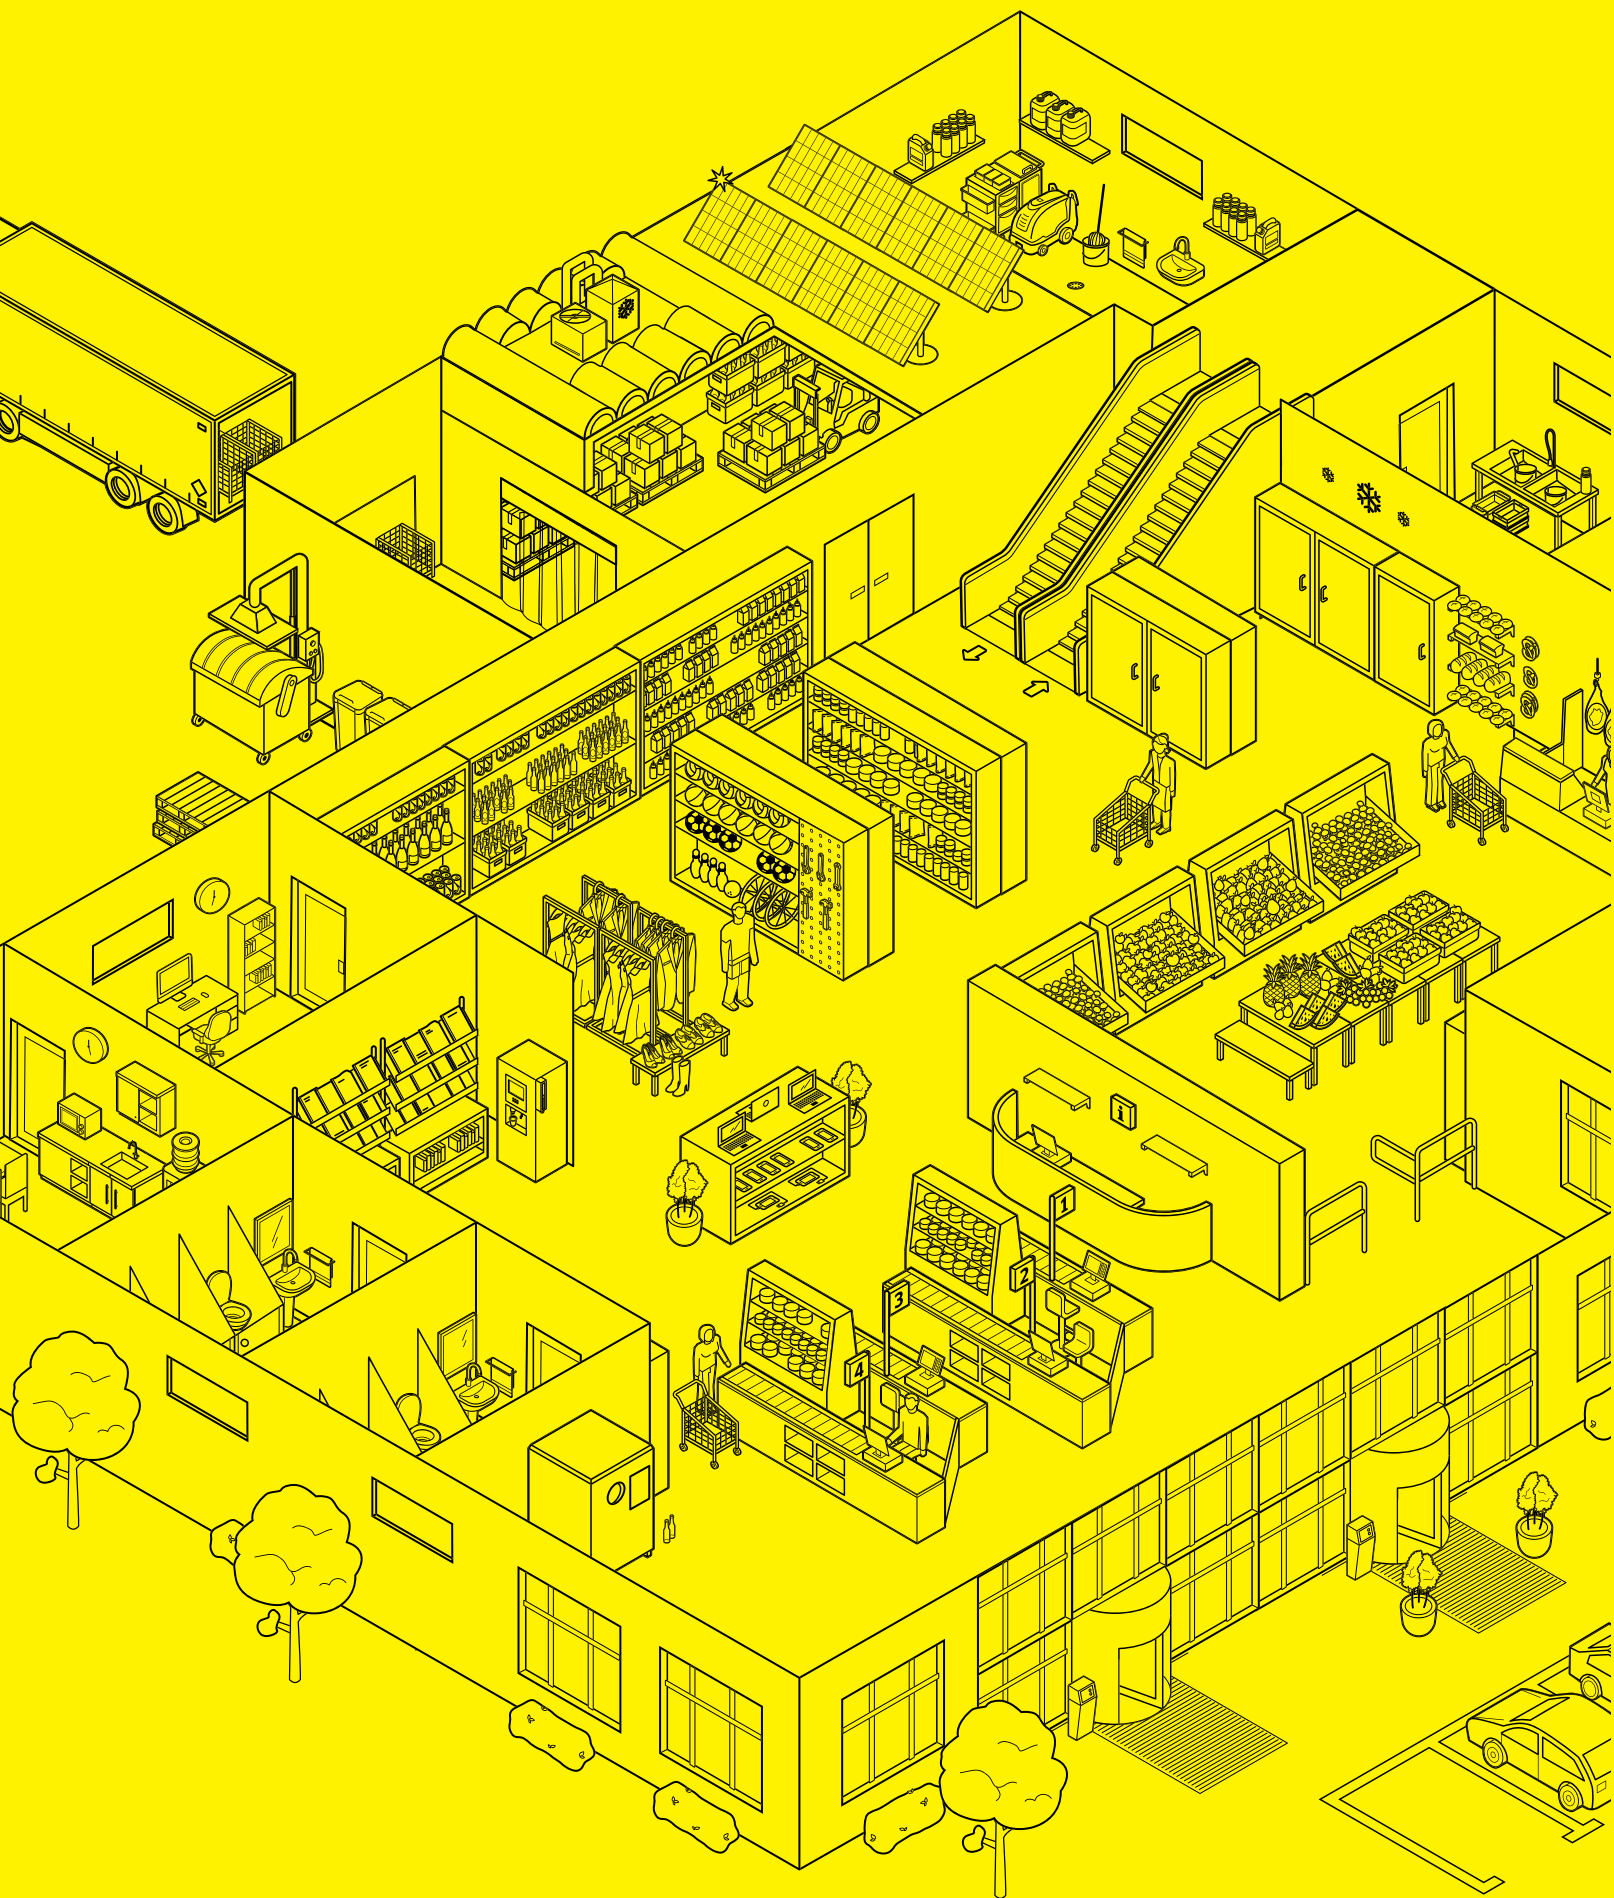

Mobile and stationary high-pressure cleaning: ensure you meet the most stringent hygiene standards easily and reliably with our high-pressure cleaning machines.

Glass cleaning: our Window Vac ensures easy streak-free cleaning. Without any paper towels at all.

Distribution centres and logistics: large surfaces, stubborn dirt, a lot of dust and, in many cases, coarse dirt. What you need here is heavy-duty machinery. Also for interior cleaning of trucks and receiving areas.

Special cleaning: tackle the hardest cleaning tasks with no problem. We have solutions for cleaning everything from solar panels to escalators.

AUTONOMOUS CLEANING.

Free your staff from monotonous floor cleaning so they can focus on what matters most: your customers and your merchandise. The KIRA B 50 scrubber and KIRA CV 50 vacuum are your autonomous solutions for consistent, high-quality cleanliness.

With intuitive controls and advanced sensors, these machines navigate complex retail environments safely—cleaning aisles, carpets, and hard floors efficiently without constant supervision. Optimize your workforce to combat labor shortages and ensure your store looks its best, even during peak hours.

Cleaning Solutions:

CURB APPEAL THAT INVITES CUSTOMERS IN.

Foot traffic brings the outdoors in.

Your first impression starts before the customer even enters the store. Clean parking lots, sidewalks, and entry-

ways signal safety and quality. But it is about more than just looks—studies show that up to 94% of dirt enters a building on the soles of shoes.

Systematic outdoor cleaning acts as a powerful preventive measure, reducing the amount of dirt tracked inside by as much as 80%. From gas station convenience stores to large shopping mall exteriors, Kärcher sweepers and pressure washers keep your perimeter neat and inviting year-round.

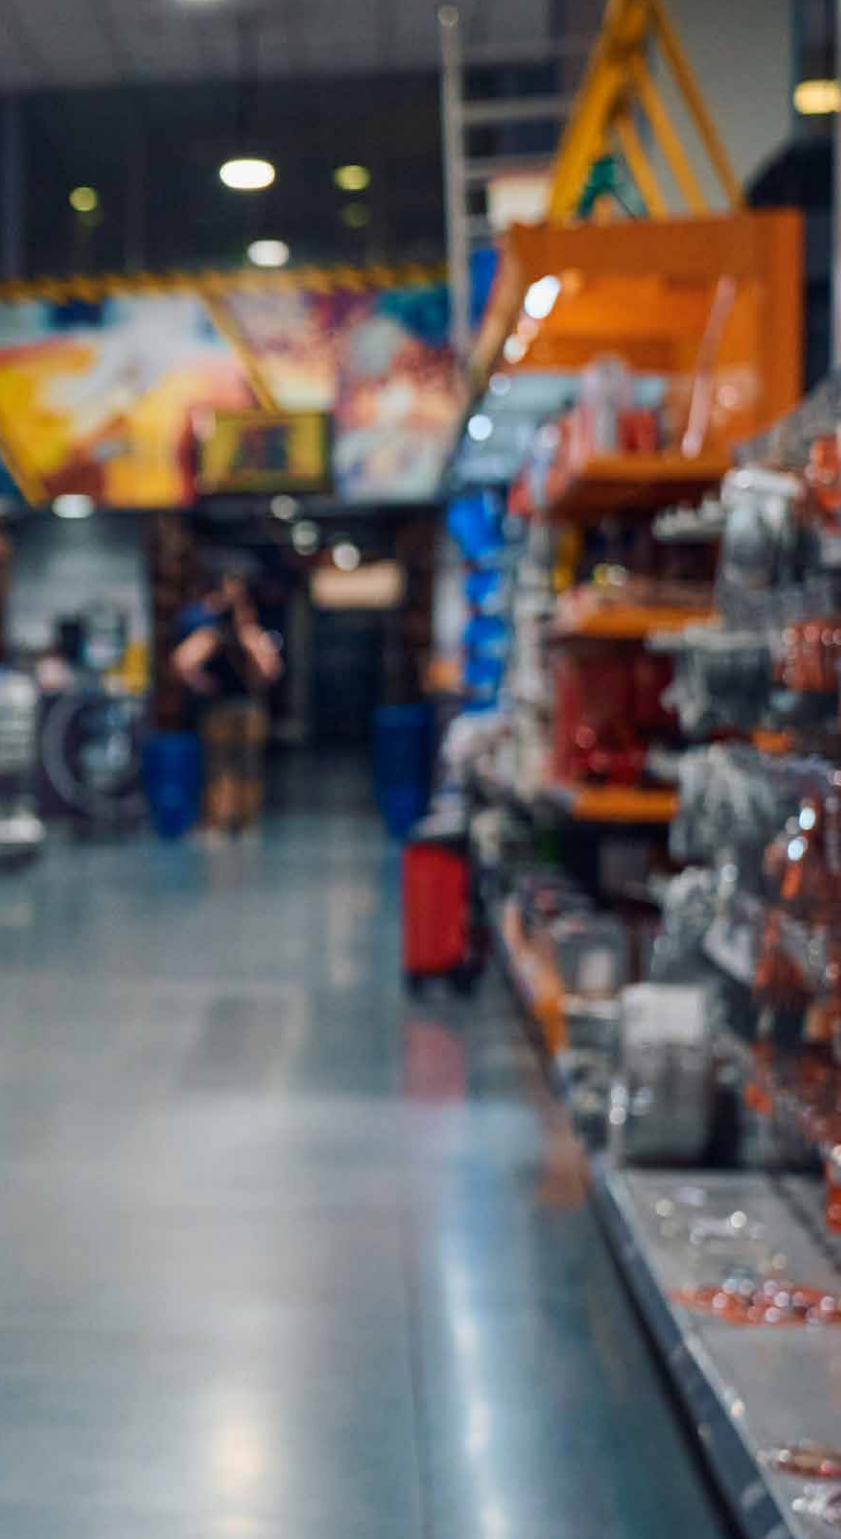

**KM 70/20
Walk-Behind
Sweeper**

Speedy sweeping and painless maintenance rolled into one convenient package.

This manual push sweeper cleans paths and parking spaces faster and more effectively than a broom.

FLAWLESS FLOORS FOR A PERFECT PRESENTATION.

The sales floor is your stage. Shopper engagement and brand experience are heavily influenced by the look and feel of the environment. Scuffed floors or dust accumulation can detract from your products.

Kärcher floor scrubbers ensure your sales areas remain pristine and inviting. Our machines are designed for unobtrusive cleaning, allowing you to maintain standards even during opening hours without disrupting the shopping experience.

Kärcher's fully autonomous scrubber further enhances efficiency. This technology provides consistent, unattended cleaning, freeing up your team for other important tasks.

BD 35/15 C Bp Classic Scrubber

With its compact dimensions and steerable deck, this floor scrubber offers amazing maneuverability for navigating tight aisles and checkout lanes. The high-performance lithium-ion battery allows for opportunity charging, ensuring it is ready whenever a spill occurs.

EFFICIENCY BEHIND THE SCENES.

Efficient logistics are the backbone of successful retail. Offloading inventory tracks dirt in and creates dust, ultimately making floors dirty and products unattractive.

Kärcher offers robust solutions for these back-of-house challenges. Our professional vacuums and sweepers manage dust control, while our durable floor scrubbers ensure safe, slip-free floors in

loading docks and storage areas. Keep your operations running smoothly from the delivery truck to the shelf.

Managing Dust and Debris

Packing materials, cardboard dust, and foot traffic create constant debris in stockrooms. Our sweepers and vacuums manage this buildup effectively, preventing it from tracking onto your sales floor.

Safety in Loading Zones

Spills and tracked-in rain can make loading docks dangerous. Kärcher floor scrubbers and wet/dry vacuums allow you to quickly clean and dry these high-traffic areas, ensuring safety for your logistics team.

KM 75/40 W Bp Sweeper

This vacuum sweeper is ideal for thoroughly cleaning loading docks and stockrooms. It efficiently removes dust and coarse dirt, protecting your merchandise and keeping the air quality high for your employees.

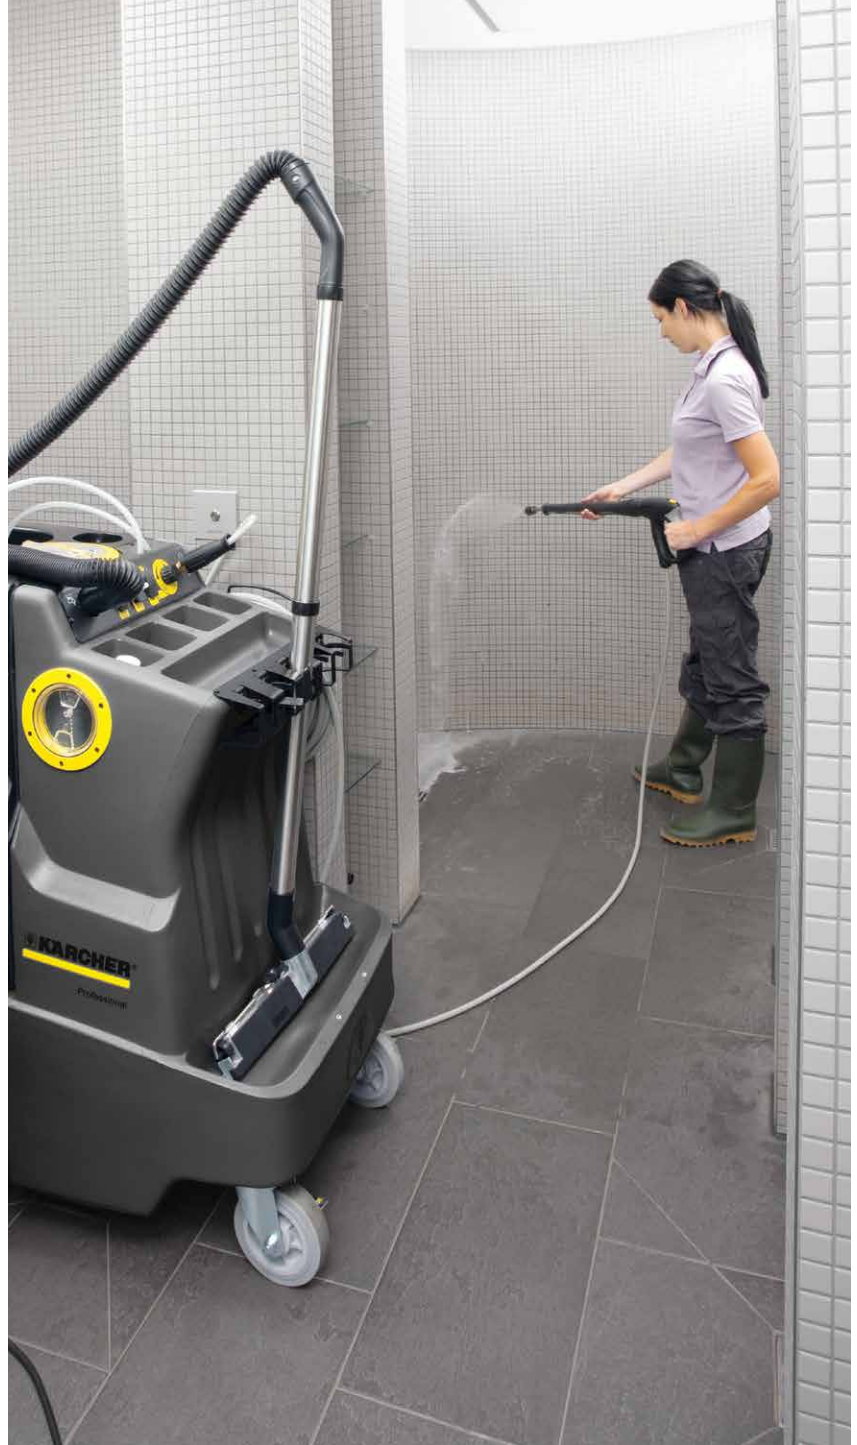

CLEANLINESS THAT BUILDS TRUST.

A clean restroom is a sign of a well-managed business.

In high-traffic retail environments, restroom facilities require frequent and effective cleaning to maintain customer comfort and trust. Additionally, clean and well-maintained

restrooms contribute to a positive experience for visitors, enhancing the reputation and overall satisfaction of the establishment.

Contactless Cleaning for Maximum Hygiene

Traditional cleaning methods can be slow and often just spread bacteria around. Our touchless cleaning systems

and steam cleaners allow your staff to deep clean and disinfect surfaces quickly, removing soils and bacteria without direct contact.

AP 100/50 M Multi-surface Cleaning Machine
Easily clean inside restrooms with this touchless compact cleaning machine, which dries surfaces in just one-third the time compared to traditional methods. It applies cleaning solution, rinses with high pressure, and vacuums the floor dry, ensuring maximum hygiene with minimal effort.

WHAT IF THE FUTURE OF CLEANING CHANGES TOMORROW?

No matter how radically your business changes, we can help you to keep up with the challenges ahead. Just reach out to us to reach for the stars. **Nothing can stop you with Kärcher Services.**
